Bachelor of Engineering, VISVESVARAYA TECHNOLOGICAL UNIVERSITY   2019 - 2023
Major: Computer Science and Engineering   Tumkur, India

School, KENDRIYA VIDYALAYA RAICHUR   2007 - 2017
Raichur, India

SKILLS

Technical Skills	Java, Spring Boot,Microservices, RESTful APIs,JavaScript,SQL, Git, GitHub
Other	SDLC, JIRA,IDEs,Agile Methodology,Data Structures and Algorithms

EXPERIENCE

Associate Developer   Sept 2023 - Current
EnkayTech Consultants   Bengaluru, India

- Built RESTful APIs using Java, Spring Boot, and JPA for an employee work management system (SaaS product), improving data access efficiency.
- Developed microservices to handle key tasks, ensuring communication between different parts of the system.
- Worked on database design and management, optimizing data flow and storage for internal applications.

Developer intern   April 2023 - Sep 2023
Palle Technologies.   Bengaluru, India

- Collaborated with Developers on developing applications using Java, Spring Boot, and front-end technologies.
- Contributed to projects with proactive problem-solving and a commitment to high-quality work.

PROJECTS

MovieAPI- Movie Booking system . Developed a movie booking system using Java, Spring Boot, Spring Security (for login and registration), and MySQL, allowing users to browse, book, and manage movie tickets efficiently.

EMS-Employee-Management. Designed and implemented an Employee Management System using Spring Boot, Spring Data JPA, and MySQL, supporting CRUD operations and search functionality via RESTful APIs with an MVC architecture. GitHub Link

CERTIFICATIONS

Certifications

EXTRACURRICULARS AND SOFT SKILLS

- Leadership experience in organizing college-level events.
- Effective communication skills with experience in team collaboration.
- Active participant in sports, including football and outdoor activities.
- Problem Solving, Adaptability to new technologies
